

The Title of the AOM Submission

ABSTRACT

This L^AT_EX template generally adheres to the AOM style guide for conference paper submissions. The goal is to make conversion of your existing L^AT_EX documents as easy as possible. It is formatted in Times New Roman with one-inch margins, includes a submission ID header, allows for defining hypotheses in block indented italics, and properly formats the three different levels of AOM headings using the standard `section`, `subsection`, and `subsubsection` L^AT_EX commands. All tables and figures are automatically placed at the end of the paper after the references.

Keywords: keyword1, keyword2, keyword3, keyword4, keyword5
